

# Product Fact Sheet

## Organic Top Dress

### BENEFITS

- Fine consistency.
- Levels the lawn to provide an even surface.
- Enables lower mower cutting - without scalping.
- Organic matter provides slow releasing organic nutrients & water holding capacity.
- Easy to spread either manually or with mechanical spreader.

### RECOMMENDED FOR

- Suitable for all lawn types including Couch, Kikuyu and Buffalo grasses
- Premium top dress for domestic or commercial use.
- Used as a sports field top dressing.
- Recommended product for seeding and oversowing.

### APPLICATION INSTRUCTIONS

- Top dress can be applied year round but spring is an optimum time to apply.
- Mow lawn before applying. This allows a more even spread of top dress and easier levelling.
- If desired, aerate area to ease compaction.
- Apply 10mm deep and rake to spread. Ensure that leaf tips are showing through the surface.
- Always water well after applying.

**1m<sup>3</sup> of Organic Top Dress will cover approximately 100m<sup>2</sup>. More may be required for uneven areas.**
